

ALL BORDER FOR BATTLE GROUND

(Continued from page one)

third battalion of the Third Texas regiment from San Benito to Brownsville and it is understood to have arrived there tonight. Other precautionary troops movements were made. His action in not reporting was indicative of the character of orders that the commanding officer on the border has.

Parker Given Full Rein

All are under orders to run down any band of raiders and to follow them across the international boundary if there appears a real chance of getting in contact with them.

The raid on the camp of the small infantry force at San Benito has resulted in one Mexican killed and the band of raiders is believed not to have been more than thirty. The engagement today on the Mexican side of the river was from a military point of view insignificant, but army officers pointed out the necessity of running down the bandits once the chase had been begun and also, because they were merely part of a much larger organization and unless checked they would perpetrate a series of raids similar to those that had converted that section of the border into a field of warfare last year.

Resistance Expected

No disposition was displayed by officers at General Funston's headquarters to delude themselves that the de facto government troops were cooperating in the chase or even that they would remain passive. In view of the repeated threats made in official quarters in Mexico to drive the Americans out and permit no entry of any expedition, officers were convinced that a clash and perhaps war could not be averted.

Funston Sends More

The tension at General Funston's headquarters was apparent. There was at first indications that orders would be sent to General Parker to withdraw Major Anderson's force, but rather there were indications that by tomorrow the force would be strengthened.

General Ricaut has in the vicinity of Brownsville a large force but in that region immediately beyond Brownsville towards the coast in which the Americans entered, he apparently had stationed no troops. For him to move troops in position to attack the Americans where they were tonight would not, however, be difficult or require much time.

General Break Expected

From here General Funston and his staff are regarding carefully not only Brownsville and the country beyond, but every port of entry, with the de facto government troops in the background, and especially El Paso and that territory in which General Pershing's forces are operating. It is believed probable that a break at one point will mean a break at every point on the border.

CATARH A BLOOD DISEASE

Drive It From Your System.

Because Catarrh affects the nose and throat, causing sores in the nostrils, stoppage of air-passages and gathering in the throat, it has been common practice to treat Catarrh with salves, washes and sprays applied to these parts. This mode of treatment cannot give permanent relief, and is liable to aggravate the trouble. Catarrh cannot be "driven" with. If allowed to run on it will disease the bronchial tubes, settle on the lungs and affect the stomach—indeed it is a very serious disease. Don't treat it locally. The one treatment that has proven effective in the treatment of Catarrh is S. S. S., the greatest blood purifier and blood tonic known. It relieves the cause of Catarrh by renewing the blood, removing its impurities, giving new life to the red blood corpuscles and stimulating the flow so that it has the vitality to throw off the poison and germs from the system. It is literally a blood bath. You quickly feel better. Headaches disappear. The gathering in the throat stops, the nostrils heal. S. S. S. is a natural blood tonic and has proven effective in the treatment of all blood affections. Eczema, tetter, rash, Scrofula. Get S. S. S. at your druggist's. If you need expert advice write The Swift Specific Co., Atlanta, Ga.

FORBIDS JUAREZ DEMONSTRATION

Mexicans Participating In Anti-American Performances To Be Locked Up

(By Review Leased Wire.)

EL PASO, Texas, June 17.—No anti-American demonstrations will be allowed in Juarez by General Francisco Gonzales. This statement was made by him today to a small delegation of Mexicans who called to see him in regard to a meeting of protest against the presence of American troops. General Gonzales later said that Juarez would remain quiet, so long as he was in control. Speechmaking agitators or others actuated by aggressive purposes would be promptly arrested, he added.

SONORA SOIL IS SACRED TO CALLES WOULD FIGHT U. S.

At Least Consul Leveier Says So Through General Is Silent. Coming From Hermosillo

(By Review Leased Wire.)

DOUGLAS, June 17.—"General Calles has received no orders from First Chief Carranza as to what to do in the face of an American troops movement into Sonora," said Consul general told me on several occasions that he would not tolerate the presence of American soldiers in the state under any circumstances. He would oppose with all his power any attempt to pass through Sonora or enter the state."

The Theater

PAVLOVA AT ORPHEUM.

One of the greatest events in the history of the motion picture art will take place at the Orpheum Sunday when Russia's dancer, Anna Pavlova, will appear on the screen in a massive spectacle entitled "The Dumb Girl of Portici."

Although the stage stars are capitalizing to the motion picture screen, almost daily, one may not name one celebrity who has so far been enticed from the speaking stage who is in a class with Anna Pavlova. None of the famous singers, such as Geraldine Farrar, can bring to the screen all of their gifts, such as gave them fame. The voice of the diva cannot be heard in a motion picture theatre, but in the case of Anna Pavlova, she will not only bring all her consummate artistry to the screen, but she may be expected to reveal herself as the greatest living dancer, as the greatest living exponent of pantomime, and as the greatest actress as well. Those who have idolized Pavlova, at the Metropolitan Opera House, and who paid \$5.00 a seat for the privilege will see a far greater Pavlova when they witness her triumph in the screen spectacle based on Auber's "Masse au Seigneur."

AT THE AIRDOME.

"As in a Looking Glass," at the Air Dome tonight.

Details with realistic and unsparring power the lives of society women of today.

It deals with a trap set by a scheming and surpassingly lovely woman for a man who, too late she realizes she halts at nothing.

How does she save him from the masked fate she herself has planned for him?

Kitty Gordon's gowns are famous for their startling originality and stunningly beautiful daintiness; even in New York, the City of sartorial sensations.

In "As in a Looking Glass" she has outdone for brilliant creativeness even her most talked-about robes.

A different gown of sweeping symmetry of line, and lavishly ornate richness, for every one hundred feet of film.

BRIDGE BURNED

AT BROWNSVILLE

BROWNSVILLE, June 17.—Mexicans operating from the southern side of the river, destroyed all railroad tracks on the international bridge here tonight effectively blocking all traffic, except to pedestrians. Fear that troop trains might be sent over the bridge from the United States is said to have caused this action.

City Briefs

FRED MOORE IN.

Fred Moore, formerly deputy sheriff at Lowell and now located in the Sulphur Springs Valley, where he has a ranch, was a visitor in the district yesterday. Though the valley needs moisture to some extent the visitor stated that general conditions were very good.

HIGHLAND PARK.

(Formerly Frick's Park)
AS YOU LIKE IT.

(Shakespeare)

Under the Greenwood Trees. I am now booking special days for picnics, dances, etc. For orders, lodges, associations, clubs. Terms reasonable. Fine dancing floor 40x64. The park is beautifully lighted with electricity. The most pleasant place in Cochise County. Pure spring water right from under the mountain. J. A. Finney, box 1727. (Advertisement)

FIXING SIDEWALKS.

In order to have the downtown sidewalks in better looking shape for the big Fourth of July celebration

and on general circumstances, City Superintendent of Streets C. A. Bailey is having many patches made along Brewery Gulch, Main street and other thoroughfares in the business district. The work was started when the city found it necessary to repair the sidewalks where the light standards had been taken from. While he was on the job, he proposed to the owners of property that he do a thorough-going job and the completion will see the cement sidewalks in much better shape than they have been in some time.

DOUGLAS MAN VISITS.

Jack Sparks, Douglas contractor and chairman of the board of supervisors, arrived in Bisbee yesterday morning from the Smelter City. He is on his way to the county seat on business. Sparks is a candidate to succeed himself as a member of the board. The member is very popular in the Warren district and will, no doubt, receive hearty support here in the Democratic primaries.

\$300.00 REWARD.

The above amount will be paid to the person or persons giving information that will lead to the arrest and conviction of the party or parties who assaulted Ed Kinney Tuesday night, June 6, 1916, causing his death on June 7th. Information may be given to any officer.

HARRY C. WHEELER,
Sheriff Cochise County

THE FIRST BOY.

Sam Levy, senior member of the firm of Levy Brothers, brokers of Denver and Bisbee, and well known to many in the Warren district, has a male heir. The boy was born yesterday morning at the family home in the Denver capital. There is a local end to the joy, besides the well wishes of Levy's friends, in that I. Jacobs, local manager for the firm, is the youngster's nephew. "Jake" declares that the youngest and only son is bound to be an expert at the ticker. Levy's next appearance in Bisbee will be watched with interest to see if there will be any outward indications of a coveted new possession in his demeanor.

FOREST FIRES SOUTH.

Motorists along the Herford or Naco roads Friday night were inquietude concerning the long line of fire,

extending over the Ajo mountains in Sonora. No details of the forest fire have been received in Bisbee, but it is supposed by those who are familiar with the country that its extent is many miles. The appearance of the fire suggested a lively volcano, far in the distance.

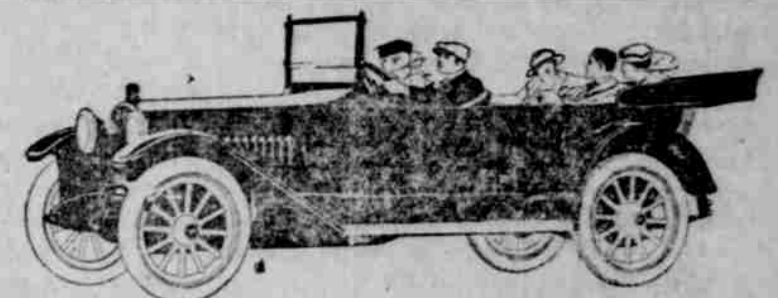

Bowel Complaints in India.

Moines, Iowa, churches a missionary from India told of going into the interior of India, where he was taken sick, that he had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy with him and believed that it saved his life. This remedy is used successfully in India both as a preventative and cure in cholera. You may know from this that it can be depended upon for the milder forms of bowel complaint that occur in this country. Obtainable everywhere. (Advertisement)

PAYS FOR TRAP.

A resident of Bisbee, answering A. E. Sheppard's plea for a crusade on fly, yesterday brought in seven quarts of the pests and received therefor \$1.75, enough to pay for his fly trap. This is at the rate of 25 cents a quart and the sanitary inspector declares there should be many more responses.

Why You Should Own a Maxwell

Comfort

First, because it is a comfortable riding car. Plenty of room for five people; deep, soft cushions; springs made of the best spring steel, scientifically heat-treated, accurately suspended and balanced. You will always be comfortable in a Maxwell.

Appearance

Second, because the Maxwell is a trim, smart, good-looking car.

Many makers of heavy, high priced cars, as you know, have copied the general lines, the shape of the body and hood of the Maxwell. This is more of a compliment than an infringement.

Service

Third, because the Maxwell, being a product of thirteen years evolution, is so designed and manufactured that it gives unfailing, consistent and satisfying service to thousands of owners.

Maxwell cars are made of the best materials that money and brains can buy—and they are made right. You can get out of any car only what is put into it.

Low First-Cost

Fourth, because you get everything in a Maxwell that you can get in any car and you get it for less money.

The answer to this is that the Maxwell is a light car and it is built in enormous quantities. The Maxwell Co. is one of the three largest producers of high grade motor cars in the world.

Low After-Cost

Fifth, because the Maxwell will give you more miles per dollar than any car built.

We say this without hesitation or doubt. It is our honest belief and we are willing to prove it by Maxwell owners, by comparison with any other car or by any other way you suggest or prefer.

The Maxwell will please you. We know it will. Let us arrange for a demonstration and we'll take the responsibility of satisfying you completely.
